

PRIORSFIELD **SIXTH**

### Sixth Form Boarding: Miss Picken reports:

The Sixth form gathered on Thursday night to whizz round the world on a whistle stop tour of 10 countries. From close to home in Cornwall with Lucy and Olivia we flew to Prague and on to the Netherlands. We felt we had trekked with the Upper 6th through Norway and relived many amusing moments with their lively account. We then travelled down into Africa with Mr Hepworth, Mr Sapseed, and Liz who all left us with much to think about – are our values too materialistic? We travelled across the globe to south Korea where we learned about the traditional food and costume of their colourful culture. We then ventured to Cuba with Vicky to relive the life and passion within the stunning landscape and encapsulating music and dance which we all could visualise. It was an enjoyable evening for all as we discovered enticing reasons to visit these new locations.

Smell the fresh air that lingers in your nostrils  
Smell the fresh cod caught by the local fisherman  
Smell the newly cut fields of barley and wheat  
Smell the pasties just bought from the bakery.

See the beaches stretching for miles  
See the sea gulls pinching the crabs of the beach  
See the gig boats racing  
See the local's happy Cornish spirit

Taste the salt of the ice-cold sea  
Taste the Cornish ice cream  
Taste the mackerel caught from the ocean  
Taste chips with lots of vinegar

Feel the cold air rushing round your face  
Feel the chilly water lapping at your feet  
Feel the dog tugging on the lead as you stroll  
along the coast  
Feel the sand filtering through your fingers

Hear the fishermen setting off for their  
morning catch  
Hear the gulls as skwork  
Hear the laughter of the tourists  
Hear the waves lapping against the harbour  
walls.

This is why we are fans of Cornwall!

## pf boarding

### News from Junior Boarding: Mrs Roberts-Barter reports:

Last weekend the Sixth Form ran the junior boarding prep club on Saturday morning, finishing with cup cake making. In the afternoon, they went bowling at the Spectrum with Miss Bramley. Ultimate winners were, we think, the first formers but Miss Bramley certainly showed some incredible bowling prowess! On Sunday, the girls hit the shops at Westfield in London. They managed to be quite restrained – probably saving their money for the upcoming exeat weekend.

This week has certainly been a packed one! On Monday, we celebrated a first form birthday with a lovely chocolate cake, on Tuesday the third formers went out for a Post Options Party dinner at Grills & Greens in Godalming and on Wednesday the Top Table dinner was dedicated to PE student Miss Davess-Humphrey who leaves us this week – we will all miss her terribly!

Next weekend's activities will be a trip to the London Eye on Saturday and afternoon tea on Sunday to celebrate Mother's Day with Mrs Roseblade.
