Junior Boarding: Mrs Roberts-Barter reports:

We have been really excited to welcome all the girls back into Junior Boarding. The junior area has been completely transformed over the summer leaving us with what feels like a brand new house. All the girls have quickly personalised their rooms and it feels like they never left us! The first and second years have settled really well into their new rooms and they are enjoying using their lovely spacious common room and separate pantry. The first weekend kept the full boarders busy with a new student induction in the morning and trip to Godalming and Windsor Castle and shopping on Sunday.

The girls are really excited about this coming weekend's activities which include a BBC Television Centre tour and later in the term, Zoola fish pedicures, a trip to Chessington World of Adventures, Boot Fair Challenge and the annual boarders' bonding trip to Avon Tyrrell. If any girls outside the boarding community would like to join in, please do contact Mrs R-B (drobertsbarter@priorsfieldschool.com).

Finally, for weekly boarding parents dropping off on Monday morning, please feel free to join us for coffee in either the junior or sixth form house.
