## Junior Boarding News: Mrs Roberts-Barter reports:

Last weekend was a whirlwind of activity as the boarders descended on the New Forest to enjoy their bonding activities at Avon Tyrrell Activity Centre!

After arrival and unpacking, the girls enjoyed pizzas and settling into their new rooms in the log lodges on Friday evening, one lodge in particular had a crazy evening of dancing around the living area! On Saturday, the girls were up bright and early and set off to enjoy a variety of team building activities, including; zip wire, high and low ropes and raft building. We were so lucky to have such wonderful weather for the weekend! For supper, Mr Picken built a mammoth barbeque and the evening was topped off with toasted marshmallows.

On Sunday, we set off for Goodwood to support PF in the Greenpower Final before coming back to school to unpack and recover!

Many thanks to all the boarding staff and spouses who came along to help – the weekend would not be the same without them!
