## **Sporting News: Miss Trudgeon reports:**

On Saturday, it was fantastic to see so many students out playing hockey against St. Mary's, Ascot. The U15 and U14 X1 travelled to St Mary's, with the U15 playing in a nail biting match with the lead changing between PF and St Mary's throughout. The final result was a well fought 2-2. The U14 X1 were less successful but played well, losing 3-1. The U16X1 continued to play with confidence securing a comfortable win which was matched by the U13A and U13 B X1 who won 4-0 and 3-0 respectively. The U12 A X1 showed excellent progress from their last match to win 3-1 and the U12B X1 were not so successful this time but they played with endless enthusiasm throughout. Players of the match were awarded to Tabitha Sherring, Sophie Roberts, Grace Richardson, Sophie Love, Maddy Prestwich, Sophie Ward and Celia Hall. Well done to all the students who took part.

On Wednesday, the U12 A, B & C 7 a-side teams played at home against Danes Hill. All three teams faced a tough challenge but they played with enthusiasm and it was pleasing to see their skills improve throughout the match. There were some excellent saves from the three goalkeepers Maggie Hudson, Sophie Love and Megan Grossman. We look forward to playing against Danes Hill towards the end of the season.

In netball, the senior teams played fixtures against Tormead. It was excellent to see the students support each other with the U15 A&B teams playing up in the U16, 2nd and 1st V11 squads with finesse. The 2nd V11 secured a 20-11 win but the 1st V11, U16 V11, U15 A&B V11 were unlucky this time. Well done to Phoebe Dee, Tilly Wyn-Griffiths and Rachel Pepper who were awarded 'Players of the Match'.

This weekend the senior netball teams and junior hockey squads are travelling to Woldingham. Good luck to all the players who are taking part.

'Team of the Week' was unanimously awarded to the U13B X1 hockey team. Well done to all the players!!

## **Congratulations to Annabel Rogers:**

Annabel has been selected for the British Start Programme for rowing, having been assessed as being in the top 0.001% in the country for her age-group. We would like to wish her all the best as she starts her rigorous training programme. Well done, Annabel
