Sporting News: Miss Trudgeon reports:

Everyday our tennis and rounders teams were ready and prepared but the weather thwarted our plans at the last minute. We finally managed to hold our first fixture on Thursday in the rain but with lots of good spirit. The U14 B tennis team played Kingston Grammar School at home in a Surrey League Match. The girls played nine matches but they unfortunately lost 6-3 after some very close games. Well done to everyone.

We also received some very exciting news this week. Our Junior and Intermediate Athletics Teams have both qualified for the Regional ESAA Athletics Cup Final in Croydon on the 18th June. This is an excellent achievement as only the top 8 schools in the South East in each age group have qualified. The students will miss Sports Day which is a great shame, but I'm sure that they will have a great experience. Good Luck to all the athletes!

This weekend the school Athletics Teams are competing at St Mary's Ascot. Good Luck to everyone.

Please can I remind parents that we would appreciate a week's notice if your daughter is unavailable for a fixture. It is very difficult to find a replacement if we only have two days notice. The fixtures are all advertised on the website and the noticeboards in the sports hall over a week in advance so you have plenty of notice. Thank you for your support with this as it is very frustrating for us to have to chase students but it is more disappointing for your daughter's team mates.

Can all 2nd Form team players please order their team shirts at The School Shop by the end of term so the shirts are ready for the start of the Autumn Term. Thank you."
